FOR IMMEDIATE RELEASE

ST. LOUIS, MO October 19 -- The **Decorative Concrete Council (DCC)**, a specialty council of the **American Society of Concrete Contractors (ASCC)**, St. Louis, Mo., has announced the winners of its 12th annual **Decorative Concrete Awards** competition. The winners were recognized at a virtual ceremony as part of ASCC's Annual Conference, September 24, 2020.

Superior Gunitite, Lake View Terrace, CA won the **WOW! Award**, best overall project, for **Brattleboro Bridge in Vermont**. "The challenge was not only to place concrete on the fins, but to seamlessly match the sculpted rock forms," said Frank Townsend, Superior Gunitite. The use of shotcrete allowed access for placement as well as the ability to carve the wet concrete to match the look of the previous precast panels. Each fin is approximately 28' in height and expanded in width from 8' to 24' at the top, for a total of 390 SF.
