

AMERICAN SOCIETY OF
CONCRETE CONTRACTORS
Enhancing the Capabilities of Those Who Build with Concrete

SAFETY SUMMIT

Leading Safety Forward: Innovation, Technology,
and Culture in Construction

MARCH 11-12, 2026 | MILWAUKEE, WI

Hosted at Milwaukee Tool

SPONSORSHIP FORM

2026 ASCC Safety Summit | Hosted by Milwaukee Tool

The **ASCC Safety Summit** is where leadership, accountability, and real-world jobsite safety come together. Hosted by ASCC Associate Member **Milwaukee Tool**, this premier event brings together concrete contractors, safety professionals, and industry partners who are committed to one shared goal: sending every worker home safe, every day.

This is not a sit-and-listen conference. The Safety Summit delivers hands-on learning, practical tools, and peer-to-peer conversations focused on what actually happens on concrete jobsites—risk management, hazard recognition, equipment use, and building a safety culture that works in the field, not just on paper.

Why Sponsor the ASCC Safety Summit?

Sponsoring the ASCC Safety Summit puts your company front and center with the contractors and decision-makers who are actively investing in safety, training, and continuous improvement.

As a sponsor, you will:

- **Position your brand as a leader in concrete construction safety**
- **Connect directly with ASCC contractor members who drive purchasing decisions, safety policies, and jobsite practices**
- **Showcase your commitment to protecting the workforce through innovation, training, and risk reduction**
- **Gain year-round visibility through ASCC marketing, on-site recognition, and digital promotions**

Safety is not a checkbox—it's a value. By sponsoring the ASCC Safety Summit, you are helping elevate industry standards while positioning your company as a trusted partner in protecting people, projects, and profitability.

Platinum Sponsorship – 1 Package Available – \$7,500 *

Platinum Level Sponsorship offers one (1) exclusive sponsor the opportunity to host the Safety Summit Cocktail Hour. This premier level includes the ability to address all attendees, prominent recognition in the official Safety Summit brochure and on-site signage, and complimentary event registration for up to two (2) attendees.
