Registration Opens October 1

Cost: VitalCog Suicide Prevention in Construction Training \$50 *space is limited* | Summit \$125

To register, visit asconline.org/events or scan QR code.

The Problem:

The construction industry has one of the highest rates of suicide

The Solution:

You. Sign up for the VitalCog in Construction training and learn early warning signs and how to talk to someone about suicide

Goals:

- To promote critical thinking about suicide prevention
- To open dialogue about mental health
- To promote help-seeking and help-giving behaviors

Training Outline: This 60 minute training includes videos, group discussions/exercises, and roleplays to create a better understanding of your role in suicide prevention:

Design: Learn the importance of talking about suicide in the construction industry

Bid: Identify risk factors and warning signs

Build: Practice conversations around suicide

After the training, participants feel:

- Knowledgeable about suicide prevention
- Confident talking about suicide and getting help
- Likely to apply what they learned

Trainer Name: Joseph Whiteman, ASCC Director of Safety Services
